THE COMPANY AND CHIEF TRADER:

Jose R. Miranda Ramos is the CEO and Chief Trader of Forex Mandamus Services, Inc., a Corporation formed in the State of New York on July 2015 and has its place of business at One World Trade Center, 285th Fulton St. Ste. 8500, New York, NY 10007. Forex Mandamus Services, Inc. FX Mandamus Services will began using this Disclosure Document on September 5, 2016.

INTRODUCING BROKER AND FUTURES COMMISSION MERCHANT:

The customer may choose the Futures Commission Merchant (FCM) through which they open their account. The customer may also choose to open their account through an Introducing Broker (IB), which may also be of their choice. The only stipulation to this arrangement is that the FCM and IB, if selected, must have the ability to except the electronic signals processed by the copier in your account. We use Forex Broker Traders Way (TW) and TW is not a U.S. Based broker. If you want to have the closest synchronized entries we recommend using the same broker as us.

LITIGATION: Forex Mandamus Services INC. AND Jose R. Miranda Ramos

There has been no administrative, civil or criminal litigation against Forex Mandamus Services Inc. or Jose R. Miranda Ramos in the last five years and there is none pending, on appeal or concluded.

PRINCIPAL RISK FACTORS OF THIS TRADING PROGRAM:

In addition to the risks inherent in Forex trading pursuant to instructions already provided herein by the FXMS, there exist additional risk factors, including those described below, in connection with a customer.

Computer Trading/Technical Trading: FX Mandamus Services utilizes a method of trading in which uses computer-generated information to determine trending markets. If we are incorrect in our interpretation of this technical information, the account may suffer a loss. Further, although steps are taken by us to minimize such problems, be aware that in certain situations such as power failures, virus attacks, loss of hard drives, problem with trade copier, etc, computer systems can be vulnerable and that vulnerability could cause losses in your trading account.

Electronic Trading risks: You may experience losses due to systems failures. As with any financial transaction, you may experience losses if your orders cannot be executed normally due to systems failures at the brokerage firm carrying your position. Your losses may be greater if the brokerage firm carrying your position does not have adequate back-up systems or procedures.

FX Mandamus Services traders are Active Trader, a day trader, and scalper (attempting to capture small market moves) and depending on market conditions might execute Swing trades (attempting to capture swing moves in the market and hold for more than a day up to 5 days) We have no Position trader (traders who trade and hold positions for months at a time.): The trading activities may be quite active and the turnover rate of the portfolio substantial. Although it is difficult to estimate the number of trades that may be made since fundamental factors will determine the trades, it is possible that a trade, or trades, may be made several days in a row, then no trades may occur for several days. The potential customer should consider this carefully before investing.

Forex trading is speculative and volatile: The Forex Market are highly volatile. Price movements for the Forex market are influenced by, among other things, changing supply and demand relationships, fiscal, monetary and exchange control programs and policies of governments; United States and foreign political and economic events and policies; changes in national and international interest rates and rates of inflation; currency devaluations and revaluations and emotions of the marketplace. None of these factors can be controlled by us and no assurance can be given that the trades will result in profitable trades for a participating customer or that a customer will not incur substantial losses.

Positions held overnight: For positions held overnight or longer, there is a higher volatility

swing in profit or losses. These higher swings in prices will commit a greater amount of fluctuation in account balance between opening and the intended profit achieved in several days of positions held opened. All positions opened for several days will close by Friday at 3:30PM eastern time of the current trading week.

TRADING PROGRAM: FX Capital Investment Service

Forex Mandamus Services Inc.'s trading methods are proprietary and confidential and therefore the following description is of necessity and is not intended to be exhaustive.

Forex Mandamus Services Inc.'s trading strategy is strictly technical in nature. The general trading strategy is trend following and volatility breakout. The model generates its own entry and exit signals and trades both sides of the market (long and short). Technical analysis of the markets generally includes a study of, among other things, the actual daily, weekly and monthly price fluctuations, utilizing charts, computers, or a combination of the two.

FEE STRUCTURE:

The customers will be charged, as a maximum, the fee as set forth below.

COMMISSIONS: We don't charge any commissions.

CONNECTION FEE: We charge a \$30 monthly connection fee for connecting clients account to company's account via a trade copier.

DONATION BASED ON PERFORMANCE: FX Mandamus Services will charge a monthly fee based on how much the client wants to donate to cover operation costs. The client has the option to pick an option of 20%, 25% or 30% of new profits on an increase in the equity of the account based on the following explanation. New profits include profits, if any, on all closed positions and profits, if any, on open positions. The profits on open positions are not "realized" profits and they are carried over into the following month. In the following month, these unrealized profits could be lost or realize a further gain. Gains and losses will be net after any other fees. In order for an Performance fee to be payable, the value of the account at the end of the month must exceed the highest ending net value of the account of any previous month.

MANAGEMENT FEE: We don't charge any management fee.

MONTHLY ACCOUNTING FEE: We don't charge any accounting fee.

CONFLICTS OF INTEREST:

Since we will charge a performance fee based on the amount of percentage you want to donate for profits made, this will affect the total amount of profits made in your account. A performance fee on profits earned, could be viewed as an incentive to place riskier trades to generate such fees.

Trading Own Account. Forex Mandamus Services Inc. and its traders may trade from their own proprietary accounts. It is possible that FX Mandamus Services and its traders may, from time to time, as a result of a neutral allocation system, testing a new trading system, trading their proprietary accounts more aggressively, or any other actions that would not constitute a violation of fiduciary duties, if any, compete with a client's account for similar futures interest contract positions in one or several markets or may take positions in their proprietary accounts which are opposite, or ahead of, the positions taken in a client's account. The records of such trading will not be made available to clients. FX Mandamus Services other employees outside authorized traders are not permitted to trade for their own account.

Trading Multiple Accounts. FX Mandamus Services manages and trades numerous internal accounts, and intends to manage additional accounts in the future. FX Mandamus Services will not, however, knowingly or intentionally employ a trading method or recommendation on behalf of any account that it manages or trades which it knows to be inferior to any trading method or recommendation that is employed for other accounts or knowingly or intentionally favor on an overall basis one account over any other such account that consequently might affect clients account connected to our copier

Because of price volatility, occasional variations in liquidity and differences in order execution, it is impossible for FX Mandamus Services to obtain identical trade execution of all its clients. Such variations and differences may produce differences in performance among client accounts over time. In an effort to treat its clients fairly when bunched orders for client accounts are filled at different prices, FX Mandamus Services allocates trades across accounts on a systematic basis.

In addition, FX Mandamus Services will make the following information available to clients upon request: 1) the general nature of the FX Mandamus Services allocation methodology; (2) whether accounts in which FX Mandamus Services may have an interest may be included with client accounts in bunched orders; and (3) summary data sufficient for that client to compare its allocation results with the allocation results of other comparable clients and, if applicable, any account in which FX Mandamus Services has an interest.

Trading Errors. Though FX Mandamus Services will attempt to correct trading errors as soon as they are discovered, it will not be liable or responsible for poor executions or trading errors committed by brokers or itself.

PERFORMANCE RECORDS:

WE PREVIOUSLY DIRECTED INTERNAL ACCOUNTS AND HAD CLIENT CONNECTED VIA TRADE COPIER AND A PRESENTATION OF THAT PERFORMANCE IS PRESENTED ON PAGE 12.

ACCOUNT SIZE AND RISK PER TRADE:

The minimum account size for trading in the FX Capital Investment Service program is \$500 and for the Private client program \$5,000 FX Mandamus Services reserves the right to waive the requirements on a case-by-case basis. We risk up to 3% per trade on accounts from \$500 to \$99,999.99; up to 2% per trade on accounts from \$100,000.00 to \$499,999.99; up to 1% on accounts from \$500k to \$999,999.99 and up to 0.50% on accounts from \$1million and over.

PRIVACY POLICY:

The confidentiality of client information is very importance to us. We collect nonpublic personal information about its clients from information provided by the clients on account applications and forms, and through transactions that occur in the clients' trading accounts. FX Mandamus Services does not disclose any nonpublic personal information about its clients to anyone, except as permitted or required by law. At times, we may be required to furnish complete client records to regulators, legal counsel, courts of competent jurisdiction, or other entities as required by law. In addition, we may be required to furnish tax information to the Internal Revenue Service. FX Mandamus Services enters into an agreement with an external compliance firm to compile performance data for FX Mandamus Services Trading Program. The performance calculations are required to comply in accordance with CFTC Regulations and NFA Rules. The FX Mandamus would provide client records (e.g., daily and month end forex statements generated by the broker) to the external compliance firm for purposes of compiling the performance data. We have obtained reasonable assurance that the external compliance firm will not share the clients' information with third parties. However, a client is permitted to 'opt' out and may instruct FX Mandamus Service to not provide its daily and month end statements to the external compliance firm. FX Mandamus Services will not sell clients' personal information to anyone and no client will be permitted to review other clients' records. FX Mandamus Services maintains physical, electronic, and procedural safeguards to protect clients' nonpublic personal information.
